

Probiotics at Enestia Belgium

Enestia Belgium is the premier location in Europe for the blending and packaging of Probiotics. Enestia understands the sensitivity and complexity of Probiotics and hence we have isolated Probiotics from the rest of our Pharma and Healthcare products to ensure the highest quality and prevent cross contamination.

OUR PROBIOTICS VALUE PROPOSITION:

- ✔ Dedicated Probiotics areas / Controlled environments
- ✔ Separate HVAC systems
- ✔ Over three years of experience handling Probiotics for major customers
- ✔ Cold storage facilities
- ✔ Mix/ Pack in sachets/ stick packs / blisters (standard and cold form)
